

**Present**

Mrs S Horne  
Mrs J Jones  
Mrs V Burbidge  
Mrs Meredith

**Packed lunches**

A concern over whether children can sit inside to eat if it is cold.  
LM to check that this is happening, it may mean they have to wait until a space is available.

**Wrap around care**

A discussion over the falling numbers of children using after school care and little interest in breakfast club.  
Bushcraft or archery were suggested as clubs as these may be popular.  
LM will make enquiries to the forest school teacher and also archery

**Homework**

The children are enjoying the homework set in Chough Class.

**Classes**

The children are feeling more settled with one teacher in Kestrel Class not a job share.

**Times tables**

A concern that children are not tested regularly as in the past. LM explained the new daily tables testing and how the children were progressing and retaining their tables compared to previously learning them for the test but not using them in lessons.

**Certificates**

Concern that children perceived these as being unfairly distributed and children that always work hard were feeling unrewarded and less motivated. LM explained that this has been noted and that staff now keep a record of the certificated given to ensure there are not long gaps for some children.
